

## CONTENTS

### International Symposium “Actual problems of biophysical medicine” (14-17, may, 2009, Kyiv)

V.A. Berezovsky. Valeology and biophysical medicine	3
I.S. Magura, O.I. Magura, O.V. Dolga, N.A. Bogdanova, Sh. Ageev, N.Kh. Pogorela. Signal function of potassium channels – clinical aspects	19
L. F. Chernogor. The ways in which variations in space and tropospheric weather impact the biosphere (humans)	25
I.G. Litovka. Correction of changes of the state bone tissue at the deficit of loading	41
V. A. Rozanov, P. Ye. Grigoryev, A. M. Vaiserman, B. M. Vladimirskiy. Relation of a suicidal behaviour with the heliogeophysical factors	49
V.A. Berezovskiy, H.G. Chaka. Influence of food restriction on the biomechanical properties of the tibial of male rats different age	57
M.I. Levashov, S.L. Saphonov, P.V.Lakhin. Effects of hypokinesia and hypoxia on bone static electrogenesis	62
R.V. Yanko. Physiologic regeneration and functional activity hepatocytes at normobaric hipoxia	70
K.V. Rozova. Study of the functional state of cyclic nucleotides system and morphofunctional state of lung and heart tissues at the hypoxic states of different genesis	76
M.M. Kovalenko, O.A. Kutsjak, V.O. Lopata. Medical and technical aspects of patient’s respiration monitoring using in clinical practice	84
O.B. Dynnyk, S.E. Mostowoy, V.A. Beresovsky, O.M.Mishanich, V.M. Baranenko. Rheohepatography with ultrasound electrodes navigation as biophysical method of the investigation hepatic blood flow	89
V.A. Ryabov. Mental foramens and dolphin hearing	98
<b>JUBILEE DATES</b>	
N.P. Nerush (on the 70-th Aniversary of His Birthday)	104
