

## Contents

<i>I. N. Alekseyeva, R. I. Yanchiy</i> From Bogomoletz anti-reticular cytotoxic serum to monoclonal antibodies .....	3
<i>R. B. Strutinskii, A. A. Moibenko, L. M. Yagupolskii, M. Ya. Yuzkiv, L. I. Kvochina, A. Shish</i> Cardioprotective effects of the new fluorine-containing activator of ATP-dependent K-channels .....	16
<i>V. M. Osipenko, V. E. Degtiar, V. G. Naidionov, Y. M. Shuba</i> The effects of sex hormones on HERG-potassium channels expressed in <i>Xenopus</i> oocytes .....	24
<i>N. N. Veselovskaya, N.S. Veselovsky</i> Ionic currents responsible for excitability of isolated rat retinal isolated ganglion cells .....	32
<i>S.P. Lugovskoy</i> Influence of Ferrum and Zincum elements on lead absorption by a tunica mucosa of different departments of small bowel .....	41
<i>T. S. Lagodych, I. M. Karvatsky, V. G. Shevchuk</i> Influence of L-arginine on the development of myocardial hyperfunction and hypertrophy .....	46
<i>N. M. Kurhalyuk</i> Influence of L-arginine and blockator nitric oxide synthase L-NNA on antioxidant enzymes activity, lipid peroxidation in blood and tissues of rats with different resistance to hypoxia under stress conditions ...	52
<i>L. H. Petryna</i> Effect of Ionizing Irradiation on the Dynamics of the Lipids Peroxide Oxidation Final Products in the Animal Blood .....	60
<i>V. A. Eshchenko, V. D. Bovt, M. M. Malko, A. V. Prohvatilova, O. M. Kuchkovsky</i> Cell zinc metabolism in pancreatic islets and hippocampus on the action of physiological and extreme irritants .....	66
<i>I. A. Paliyenko</i> The spectral analysis of a heart rhythm at lateral colourlight stimulation of the head brain in healthy persons .....	70
<i>E. Severinovskaya, A. Murzin</i> Influence of passive and active rest on the reciprocal interaction in the human forearm .....	74
<i>N. K. Kharchenko, V. N. Sinitsky, T. V. Kovtun</i> Effect of alcohol and opium Intoxication on functional state of liver in a comparative aspect .....	81
<i>G. V. Korobeynikov</i> Functional state of organisms and mental capability of human in different age .....	87
<i>L.B. Litvinova</i> Ovarian functional activity of androgenized rats in puberty .....	93
<i>Gerashchenko B.I., Hosoya H.</i> Model for regulation of non-muscle myosins ....	100

## Procedures

<i>M. V. Kopanitsa, G. B. Vasilinin, E. A. Fedorova, V. P. Chekhovsky, O. V. Zhuk, V. G. Zinkovsky</i> The use of the acoustic startle response of the mouse for the pharmacodynamic assesment of the ethanol action ...	106
