

## Contents

<i>I.M. Karvatsky, T.S. Lagodych, V.G. Shevchuk</i> Influence of nitric oxide on force-frequency relations in hyperfunction and hypertrophy heart muscle .....	3
<i>V.E. Degtiar, V.N. Osipenko, Y.M. Shuba</i> Testosterone modulation of HERG channels block by neuroleptics .....	11
<i>A.I. Solovyov, V.V. Legen'kyi, S.M. Zelensky, O.O. Moibenko, O.V. Stefanov</i> cGMP-independent effect of nitric oxide on contractility and intracellular calcium level of rat tail artery vascular smooth muscles .....	19
<i>S.B. Koval, M.M. Seredenko, N.V. Lunina</i> Let gears of influence circulating neutrophil granulocytes on a response of a release reaction of human platelets .....	26
<i>N.V. Fedirko, V.V. Manko, M. Yu. Klevets</i> Influence of p-chloromercuribenzoate and dithiothreitol on the $Ca^{2+}$ content in the salivary glands and their protein secretion .....	35
<i>T.N. Zaporozhets, V.P. Mistchenko, A.V. Sanyk</i> The research of biological activity of hemoglobin peptide fragments in accordance with determining block of general screening .....	42
<i>A.I. Gozhenko, O.V. Belyakov, L.A. Kovalevskaya, V.T. Selivanenko, O.O. Swirskiy, G.S. Popik, O.B. Voloshina, V.V. Stepanov</i> content of adrenaline and nor-adrenaline in myocardium of patients with native and acquisition of the heart disease .....	47
<i>V.D. Bovi, V.A. Eshchenko, M.N. Malko, O.N. Kuchkovsky, N.V. Grigороva</i> study the connection of alcoholic motivation with zinc content changes in the hippocampus .....	54
<i>A.N. Savchuk, M.Sh. Gamisonia, A.I. Kizim, T.N. Platonova</i> Estimation of some fibrinolytic chain haemostasis system parameters prognostic importance at abdominal delivery .....	58
<i>N.M. Kurhalyuk</i> Mitochondrial respiration and calcium capacity in liver rats with different resistance to hypoxia under L-arginine injection .....	64
<i>M.A. Vodyanik, V.P. Chernyshov, M.E. Gumenyuk</i> Functional properties of cooperative monoclonal antibodies against human tumor necrosis factor .....	73
<i>O.N. Lysenko</i> The differences in maximum aerobic capacity for athletes conditioned by direction in long-term adaptation process .....	80
<i>V.V. Maslyuk</i> The relationship of functional motility of nervous processes with professional rating of the engineman .....	89
<i>I.N. Zvyagolskaya</i> The influence of the erythrocyte peptide extract on the separate indexes of the lipid peroxide oxidation, antioxidant protection and haemostasis of animal's on when exposed to dosed fractions gamma-rays irradiation .....	96
<i>V.V. Verezhaka</i> Influence of ascorbic acid on the oxidative homeostasis of a skin cover .....	103

## Reviews

<i>V. Pavlyuchenko, A. Moibenko, V. Datzenko</i> The role of biological active substances in formation of cardiogenic reflexory effects on circulation .....	106
--	-----

## Chronicles

Memories Evgeniy Mykolaiovych Panasyuk .....	120
