

Contents

O.D. Prysyazhna, A.V. Kotsyuruba, M.N. Tkachenko, V.F. Sagach Influence of enalapril on endotheliu-dependent contractile reactions and oxygen cost of work of smooth muscles at experimental diabetes mellitus	3
L.V. Tarasenko, A.G. Reznikov The role of the ovarian steroid aromatase in pathogenesis of reproductive cycles disorders	11
O.P. Lukhanina, N.O. Pilkevich Distinctive peculiarities of neuronal activity in Nucleus accumbens in spontaneously hypertensive rats	16
N.V.Melenevska, M.S.Miroshnichenko, I.B.Phylippov, L.S.Kholodna, M.F.Shuba Transfer factor of immune reactivity to diphtheria-tetanus anatoxin modulates the action of neurotransmitters in intestinal smooth muscle	24
Podgaetskaya O.E., Rozova K.V., Gonchar O.A., Mankovskaya I.N. Influence of intermittent hypoxia on ultrastructure and prooxidant-antioxidant balance in soft tissue of paradontum under acute immobilization stress	33
D.V. Lizun, G. V. Dovgalets, A. M. Talnov, A.I. Kostyukov Effects of experimental muscle pain on short and long-latency components of stretch-reflex in elbow muscles of unanesthetized cat.	41
K. Kylyvnyk, G.Ostrovaska, L Khmars'ka, T.Rybalchenko, O Ksenzek, V.Rybalchenko The weak acids as protons carriers through bilayer lipid membranes	48
Iu.V. Danylovyh Characteristics of passive Ca^{2+} -transport from myometrium sarcoplasmic reticulum.	55
REVIEW	
G. T. Sukhykh, N.Y.Spivak, V.V.Malaytsev, I.M. Bogdanova, V.A. Shevchuk Mesenchymal stem and progenitor cells. Biological characteristic and prospects for its use	62
O.P.Kostyuk Intracellular determinants of calcium signals	77
N. A. Karpenko, V.A. Bondarenko, N.S. Kavok, A.Yu. Borikov The maturation of the spermatozoa: events, consequences and possible ways of control	91
Book Review	104
