

## CONTENTS

O.M. Semenikhina, O.V. Bazilyuk, Yu.P. Korkach, V.F. Sagach. The role and mechanisms of the effect of hydrogen sulfide on contractile activity of vascular smooth muscles in rats	3
A.Reznikov, L.Chaykovskaya, L.Polyakova, O.Sachynska. Effects of cytokine-like polypeptide emap ii and flutamide on testosterone-stimulated prostate of castrated rats	12
I.A.Vladimirova, I.B. Phylippov, E.M. Kulieva, A. Jurkiewicz, R. Skryma, P. Prevarskaya, Y.M. Shuba. Comparison of the effects of menthol and ilicin on the kcl- and agonist-induced contraction of the smooth muscles strips of the vas deferens of normal and castrated rats.	21
Y.V. Goshovska, T.V. Shimanskaya, O.M. Rudyk, Y.P. Korkach, V.F. Sagach. Mitochondria permeability transition as a target for ischemic preconditioning	34
I.V.Ivanova, O.V.Kislova, A.I. Soloviev. The endothelium – derived hyperpolarizing factor: a reserve defence mechanism of vasodilatation under radiation impact	46
E.F. Kakhanovskyy, V.F. Sagach. Study of changes in the parametres of oxidative stress, anti-oxidative defence and endothelial dysfunction in acute ischemia/reperfusion in lower extremities of the man	57
A.N. Goltsev, O.V. Safranchuk, N.A. Bondarovich, M.V. Ostankov. Change in cryolability of cancer stem cells during in vivo culture of Erlich adenocarcinoma.	68
P.K. Tsapenko, T.P. Liashchenko. Effect of vasopressin on the membrane potential of rat hepatocytes	77
N.V. Bogdanovskaya, A.V. Kotsuruba, N.V. Malikov. Peculiarities of the nitric oxide synthesis during different stages of competition period in athletes of both sexes	82
T. Voznesenskaya Yu., Serdyuk O.N., Blashkiv T.V. Yanchiy R. I. Women ovarian autoimmunity	90
Yu. Garbuzova, O. Ataman. Matrix gla-protein and its role in vascular calcification	96

## CHRONIC
